### EXPERIENCE

#### Incoming Graphic Design Intern

iDesign | Mar. 2023 - Present

Will collaborate and iterate to create graphics that meet client needs.

#### Graphic Design Volunteer

Whole Brain Health Initiative | Feb. 2023 - Present

Developed reminder cards, presentations, and business cards that align with the organization's brand and mission. Collaborated and iterated designs with organization president based on feedback.

#### Registered Nurse

Baptist Medical Center South | Oct. 2019 - Feb. 2020

Built nurse-patient relationships and helped patients recover to be able to go home safely. Collaborated with healthcare team to solve problems, create a plan of care, and deliver consistent care.

### PROJECTS

#### UI/UX Designer | Sensitive Beauty

CareerFoundry | Mar. 2022 - Apr. 2022

Designed a responsive shopping app that allows users to quickly find products that meet their needs. Conducted scenario-based user testing and heat mapping. Developed userflows, wireframes, brand guidelines, high-fidelity mockups, and a mobile prototype.

#### UX Researcher, UI/UX Designer | Recipe Clinic

CareerFoundry | Nov. 2021 - Feb. 2022

Designed a responsive recipe app that helps users find recipes suited for their health needs. Conducted user research and developed user personas and user stories. Created userflows, wireframes, and high-fidelity mockups.
